notepad series

My favorite store,

Would you please carry Journals Unlimited's unique line of products including the:  
**Write It Down! series + between me and you series + Notepad series**

The "**Write It Down!**" **series** offers the world's largest collection of guided theme journals with over 65 titles in print. This unique journal line allows you to easily record your thoughts, life memories, and experiences. We offer something for every age and interest and everything retails under \$20. The journals make great keepsakes for you and future generations. **Printed in the USA on acid-free recycled paper using soy based ink.**

Our line of organizational USA printed **notepads** features our trademark fill-in the blank format.

The **between you and me** line of relationship keepsake journals are known as the gift journal you give to get back.

Journals Unlimited offers low minimums, prompt shipping, great customer service, monthly specials and many display options.

Thank you from your loyal customer.
